Participants wanted for study on **walking with traditional and osseointegrated above-knee prostheses**, University of Maryland

If you:

(1) Have unilateral above-knee limb loss
(2) Use either a traditional or osseointegrated prosthesis
(3) Age 18-65 years
(4) At least 18 months past your latest surgery
(5) Medically cleared to walk unassisted, K-Level 3+
(6) No other medical issues that affect your mobility
(7) Willing to devote about two hours of your time

Please contact Dr. Ross Miller (rosshm@umd.edu) for more information. Completing the study is compensated $500 cash.
